MUHAMMAD NOMAN ALI

Full-Stack React Native Developer

Karachi, Pakistan | 0348-4622870 | nomanali01241@gmail.com

Portfolio: muhammad-noman-ali.vercel.app | **GitHub:** github.com/noman-ali24 | **LinkedIn:** linkedin.com/in/noman-ali-70351b24a

PROFESSIONAL OBJECTIVE

Full-Stack React Native Developer with 1 year of professional experience building user-friendly mobile and web applications. Skilled in developing responsive frontends with React Native and React.js, and building backend services and REST APIs using Node.js, Express.js, and MongoDB. Passionate about creating scalable, efficient, and high-quality end-to-end solutions.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, HTML5, CSS3
Mobile & Frontend Development: React Native, React.js, Redux Toolkit, Redux Persist, React Hooks, Material UI, Bootstrap, Responsive UI Development
Backend Development: Node.js, Express.js, REST APIs, Socket.IO, JWT Authentication
Databases: MongoDB, Mongoose, MySQL
Tools & Services: Git, GitHub, Postman, Firebase, Supabase, Mux, GitHub Actions
Core Competencies: Full-Stack Development, API Integration, Real-Time Communication, Authentication, State Management, Debugging, Secure Token Storage, Media Uploads, Application Troubleshooting

PROFESSIONAL EXPERIENCE

React Native Full Stack Developer | QF Network | May 2026 – Present

- Develop and maintain cross-platform mobile applications using React Native and TypeScript.
- Build and integrate backend services and REST APIs using Node.js, Express.js, and MongoDB.
- Implement real-time messaging features using Socket.IO, including chat rooms, message delivery, read receipts, and online/offline status.
- Develop features for direct and group chats, user connections, polls, events, tasks, itineraries, and user management.
- Manage application state using Redux Toolkit and Redux Persist; troubleshoot API integration, TypeScript, React Hooks, and application bugs.
- Work on authentication flows, media uploads, notifications, secure token handling, and use Git/GitHub for version control and workflow improvements.

React Native Full Stack Developer | JTechSight | November 2025 – January 2026

- Developed cross-platform mobile application features using React Native and JavaScript.
- Worked on Join Table, Activity Tracking, Achievements, Friend Invitations, and Chat functionality.
- Developed and integrated backend services using Node.js, Express.js, and REST APIs; integrated Supabase authentication and real-time data synchronization.
- Implemented UI components, managed application state, and troubleshot feature-level issues.

Web & Mobile App Developer Intern | WGTechsol | September 2025 – November 2025

- Developed responsive web interfaces and mobile application features using React.js, React Native, and JavaScript.
- Assisted with UI implementation, feature development, application debugging, and resolving issues to improve functionality.

KEY PROJECTS

Sidenote — Social Networking & Collaboration App | React Native, TypeScript, Redux Toolkit, REST APIs, Socket.IO

- Developed features for messaging, group conversations, user connections, polls, events, tasks, and itineraries.
- Integrated REST APIs and implemented real-time chat workflows, room management, message delivery, read receipts, and online/offline indicators.
- Worked on media uploads, group member management, authentication workflows, navigation, and debugging to improve reliability.

Stampt — Mobile Application | React Native, TypeScript, Redux Toolkit, Firebase, Mux, REST APIs, GitHub Actions

- Worked on social feeds, media handling, notifications, location-based features, and user interactions.
- Integrated backend services; resolved issues with React Hooks, feed queries, media selection, image deletion, and TypeScript.
- Improved authentication token handling using secure platform storage and contributed to application stability, code quality, and CI workflow improvements.

EDUCATION

Bachelor of Science in Computer Science (BSCS) — Federal Urdu University of Arts, Science & Technology | 2022–2026
Diploma of Associate Engineering (DAE) in Computer Information Technology (CIT) — Sindh Board of Technical Education | 2019–2021

LANGUAGES

Urdu — Native | English — Intermediate
